

Exercise

What can you do to ensure that your child is not neglected?

Urie Bronfenbrenner, the famous Developmental Psychologist, said:

In order to develop normally, a child requires progressively more complex joint activity with one or more adults who have an irrational emotional relationship with a child. Somebody's got to be crazy about that kid. That's number one. First, last and always."

Think about what this quote means and discuss it with your social worker.

Notes:
